It is a great service and must be kept in place even though it seems like special interest are trying to stop it!!!

Subject: UBER

I am very disappointed in the order you issued yesterday directing Uber to cease and desist operations. As a supporter of the governor, I assumed that the administration was pro-consumer and pro-free market. I am a loyal UBER customer that uses UBER in South Carolina and everywhere I travel (which is extensive). My experience with UBER has been nothing short of fantastic – they are professional, courteous, attentive, safe. I am shocked that the administration would order UBER to cease and desist and cite safety issues. This is clearly nothing more than over-regulation gone bad in the name of “safety” which results in less choice for consumers.

Maybe you should factor DWIs into your “safety” calculus as I know that many young people who are tech savvy and expect good, prompt, clean service will readily use UBER after having too many drinks but are reluctant to call and wait 30 minutes for a dirty, unreliable cab ride.

A disappointing day in SC indeed.

Subject: Save Über!!!

After multiple substandard experiences with taxis in South Carolina, I was thrilled to see Über coming to Columbia. I've used Über in many other cities and the service is far and away, leaps and bounds, and head and shoulders above anything I've ever experienced with the taxis in Columbia, most of which are completely spent long retired police cruisers. Über is safer. Period. Thusly, Über is better. Period. PE heaps your focus should move from Über to the taxis in this state. That would be money and time better spent.
